

RAVENOL ATF DSIH 6

Kategorie: Gear oil for automatic transmissions

Artikelnummer: 1211133

Oil type: Synthetic

Recommendation: Actyon, ATF 3292, Caltex 1712, DSI M11 6-Speed Korando, DSI M78 6-Speed Kyron, SsangYong 0578-244021

Application: Passenger car

RAVENOL ATF DSIH 6 is a synthetic ATF (Automatic Transmission Fluid), designed on the basis of high quality hydrocrack oils with a special additive and inhibition, which ensure a perfect function of the automatic transmission.

RAVENOL ATF DSIH 6 is special ATF Fluid for 6-stroke automatic transmission of Drivetrain Systems International Holdings (DSIH) for SsangYong KYRON, ACTYON, ACTYON SPORTS, Geely GC7, GX7, SC7 and EC8. Ensures the proper operation of the automatic transmission.

RAVENOL ATF DSIH 6 is red colored.

4L | 1211133-004

20L | 1211133-B20

Application Note

RAVENOL ATF DSIH 6 is recommended for all automatic transmissions of the following vehicles: 6-stroke automatic transmission of Drivetrain Systems International Holdings (DSIH) for SsangYong KYRON, ACTYON, ACTYON SPORTS, Geely GC7, GX7, SC7 and EC8. Maintenance-free filling under normal operating conditions.

Characteristics

- Excellent fluidity at low temperatures
- High, stable viscosity index
- Excellent oxidation stability
- Extensive protection against wear, corrosion and foaming
- An excellent friction characteristics
- A high thermal and oxidative stability
- An excellent cooling performance
- Improved shear stability

Technical Product Data

PROPERTY	UNIT	DATA	AUDIT
Density at 20 °C	kg/m ³	838,0	EN ISO 12185
Colour		rot	VISUELL
Pourpoint	°C	-54	DIN ISO 3016

All indicated data are approximate values and are subject to the commercial fluctuations.

RAVENOL special transmission fluids are special developments for special gears and cannot be selected on the basis of technical parameters (viscosity, etc.). Therefore the decision was made not to give technical data. Please note: RAVENOL special transmission fluid is exclusively to apply under the original number, as indicated in the product information. If you are unsure about the right transmission fluid, ask your workshop or dealership for advice on the transmission type and OEM original number or ask our experts, making sure to state the VIN code (vehicle identification number) of your vehicle. Misapplication of RAVENOL special transmission fluid can lead to malfunction of the transmission shifting problems, increased fuel consumption, unwanted slip behavior, etc. and cause the failure of the transmission. Ravensberger Schmierstoffvertrieb GmbH is not liable for transmission failures in case of wrong selection of RAVENOL special transmission fluid.
